turkey s recent history is filled with stories of immigration with the number of immigrants exceeding three million the syrians who came to turkey after the civil war in their country could be considered turkey s largest experience with migration this book provides a broad overview of the politics of urbanism within the exceptional state looking at what cannot be sacrificed but can be killed leaving biopolitics as an escape route with original and authentic

elements included this book analyses the cultural meaning of individual life presenting the results of a field survey this study allows us to read belonging and the possessive ties of the nostalgic identity within the present time represented by photography as a rupture in the continuity of history and provides a sociological and ontological reading of the image incorporating the meanings of visual images into the sociological field research it reveals the tentative expressions of reality itself with while coding the image of the external world

syria s massive displacement from 2012 onwards is one of the largest most complex and intractable humanitarian emergencies of today more than 5 7 million syrian refugees live mainly in cities and urban areas throughout the middle east urban displacement examines multiple dimensions of this crisis from political and socioeconomic predicaments to questions of social belonging the complexity of the international regional and national responses and how they affect urban spaces the volume brings together experts in the field of forced migration studies and displacement in the middle east and presents a range of in depth ethnographic data cross sectional surveys and policy analyses

this book provides an interdisciplinary approach to power inclusion exclusion and hierarchy in a turkish border town with a focus on the impact of nation state border on social stratification and change through the lens of ethnographic research and oral history the book explores social mobility among various strata within the context of transition from ottoman rule to the republican regime in order to reveal culturally informed strategies of border dwellers in coming to grips with new border contexts it is suggested that the border perspective will move the social analysis beyond methodological territorialism and provide a theoretical framework that explores social change at the intersection of local national and transnational processes this book will appeal to readers interested in borders and circulations social structure and power relations in border regions as well as transnational shadow networks in the turkish middle eastern context the book is a valuable resource for students and scholars of border anthropology political and economic geography studies of globalization and transnationalism anthropology of illegality and turkish and middle eastern studies it will be a useful grounding for humanitarian professionals who are learning about the social and economic landscape of border towns

the recent influx of syrian refugees into jordan and lebanon has stimulated domestic political action against these countries governments this is the dramatic argument at the heart of anne

marie baylouny's when blame backfires baylouny examines the effects on jordan and lebanon of hosting huge numbers of syrian refugees how has the populace reacted to the real and perceived negative effects of the refugees in thought provoking analysis baylouny shows how the demographic changes that result from mass immigration put stress on existing problems in these two countries worsening them to the point of affecting daily lives one might expect that as a result refugees and minorities would become the focus of citizen anger but as when blame backfires demonstrates this is not always the case what baylouny exposes instead is that many of the problems that might be associated with refugees are in fact endemic to the normal routine of citizens lives the refugee crisis exacerbated an already dire situation rather than created it and jordanians and lebanese started to protest not only against the presence of refugees but against the incompetence and corruption of their own governments as well from small scale protests about goods and public services citizens progressed to organized and formal national movements calling for economic change and rights to public services not previously provided this dramatic shift in protest and political discontent was baylouny shows the direct result of the arrival of syrian refugees

international migration the flow of people across international boundaries has been studied from several perspectives especially since the syrian civil war in 2011 migration identity and politics in turkey from the ottoman empire to today aims to explore the motivation of migration the social integration or disintegration the migration process to the host country and the development and creation of new migrant identities a lot of studies deal with the subject of international migration especially regarding the civil rights of migrants economic impacts of migration or international policies related to migration but a micro based analysis on migrants culture political social identities and attitudes generational transformation moral and mental stated historical approach is limited in this regard the book differs from other works in that it includes comprehensive and historical analyzes of internal and external migration since the ottoman empire rather than just focusing on current international migration to turkey as well as an identity based and cultural perspective that goes beyond the social economic and political perspective
