2. The guidelines income and the children's schedules in these Child Support Guidelines are not limitations on child support for more than five children.

3. Proration of Child Support. Where both parents have Guidelines Income (either actual or potential) the amount of child support awarded shall be prorated between the parents in proportion to their Guidelines Incomes.

Example. If a couple has two children and the non-custodial parent earns \$25,000 a year and the custodial parent \$10,000 a year, the child support would be based upon their combined \$35,000 of Guideline income at the rates set out above. The first \$10,000 would accrue child support at the two-child 26% rate (\$217 per month), the second \$10,000 would accrue child support at the two-child 25% rate (\$208 per month), the next \$10,000 at the two-child 23% rate (\$192 per month), and \$5,000 at the two-child 22% rate (\$92 per month), for a total child support obligation of \$709 per month. That total amount of child support would be divided between the parents in proportion of their Guideline incomes, 10,000/35,000 and 25,000/35,000. Based on these figures, the non-custodial parent would pay 71%, \$506 per month to the custodial parent.

4. Income over \$300,000. The Guideline Income schedules are not a limitation on the award of child support for combined Guidelines Income above \$300,000 per year. The support based on the first
