MONTANA CHILD SUPPORT GUIDELINES: WORKSHEET B, PART 1

INSTRUCTIONS: Complete Worksheet B (WS-B), Part 1, below, only if sent here from Worksheet A (WS-A), line 26.

USE THIS FORM ONLY for parenting arrangements in which: (1) at least one child resides > 110 days per year with each parent; AND/OR, (2) one or more children reside primarily with one parent while one or more children reside primarily with the other parent. If there are more than four (4) children in the calculation, use additional pages of Worksheet B, Part I, entering each child into a separate column. Continue labeling the additional children as Child 05, Child 06, etc. and maintain totals for all children from all Worksheets B, Part I in TOTALS column at far right, on sheet that includes Child 01.

^{*}See definition of a "day", below, [ARM 37.62.124(3) Parenting Days].

A "day" is defined as the majority of a 24-hour calendar period in which the child is with or under the control of a parent. This assumes there is a correlation between time spent and resources expended for the care of the child. For purposes of this chapter, and unless otherwise agreed by the parents or specifically found by the court, the calendar period begins at midnight of the first day and ends at midnight of the second day. When the child is in the temporary care of a third party, such as in school or a day care facility, the parent who is the primary contact for the third party is the parent who has control of the child for the period of third-party care. If both parents are primary contacts for a third party, or, if the parents are otherwise unable to agree on the total number of days for each parent, the number of disputed days may be totaled and divided equally between the parents.
