To determine child support at higher income levels:

Age 12-18: Raise income to the power .689838232 and multiply the result by 2.795182393

Age 6-11: Determine child support for Age 12-18 and then multiply by 0.92

Age 0-5: Determine child support for Age 12-18 and then multiply by 0.80

To determine child support at higher income levels:

Age 12-18: Raise income to the power .689838232 and multiply the result by 1.822812799

Age 6-11: Determine child support for Age 12-18 and then multiply by 0.92

Age 0-5: Determine child support for Age 12-18 and then multiply by 0.80

To determine child support at higher income levels:

Age 12-18: Raise income to the power .689838232 and multiply the result by 1.391460152

Age 6-11: Determine child support for Age 12-18 and then multiply by 0.92

Age 0-5: Determine child support for Age 12-18 and then multiply by 0.80
